

# THE DAWNSONG

WE HAVE HAD A VERY WET FALL AND SOME INTERESTING MUSHROOMS HAVE BEEN POPPING UP!

## Getting ready for 2011!

Robert and I have been busy bees for what seems like all Summer and into the Fall. First Robert's mother was falling down and unable to get back up so we decided to move her in with us. Robert converted our barn to a small apartment where Ruth can have her own privacy and still be close enough to us if she needs help.

After finishing the apartment we had to get busy on products, many had fallen behind, and almost out of stock. Seems like its been a game of catch-up most of the Summer. Sadly, new products will be few for 2011.

Slowly though, we are catching up, and I am getting the excited feeling we all get as a new martin season approaches.

Our new 2011 catalog should mail at the end of the year just in time for the returning martins. More about new products in the next issue of the Dawnsong.

IT'S ALIVE!

# Fall Sale?

For 2010 Purple Martin Products by Creative Universe Enterprises decided to offer 3 new money saving ideas.

The first is the Monthly Special. On average an item that has been chosen to be on sale is discounted up to 25%! Many landlords have been taking advantage of these big savings. To locate the Monthly Special visit our web site [www.cuent.com](http://www.cuent.com) and click on the [Specials page](#). October's Monthly Special is a Bed and Breakfast for \$89.00, delivered!

Next we offer Delivered Pricing. No more confusing shipping charts, one price, delivered to your door (continental 48 states only).

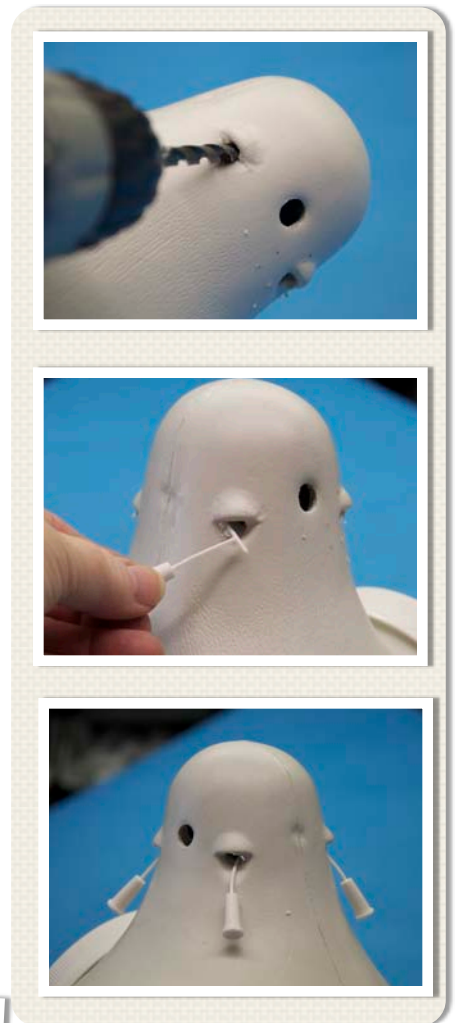

Lastly, and my personal favorite are the Package Deals. Package Deals have built in sale prices. You can purchase any Package Deal, any day of the year and still receive a fantastic sale price! That means no waiting for the Fall to get that one item you have been holding out for. Don't forget the price you see is the delivered cost, right to your own front door. So don't be fooled by others who claim to give you good deals, we do, every single day!

Now with all that being said, for November, Robert and I decided we will not be having an across the board Fall sale. Instead of offering only one monthly special, we will be offering many different items. Remember to check the web site or call us at 814-833-7896 to get a list of the specials. Monthly Specials Plus will be November 1 - 30, 2010.

## ON LINE ORDERING

Purple Martin Products now offers on-line ordering. We partnered with Pay Pal to give you a smooth and easy buying experience. The nice part about Pay Pal is you do not need a Pay Pal account to order; you can use your credit cards: Visa, MasterCard and Discover. And for those of you who prefer American Express can use that when purchasing on-line.

We would like to thank all of you for your support.

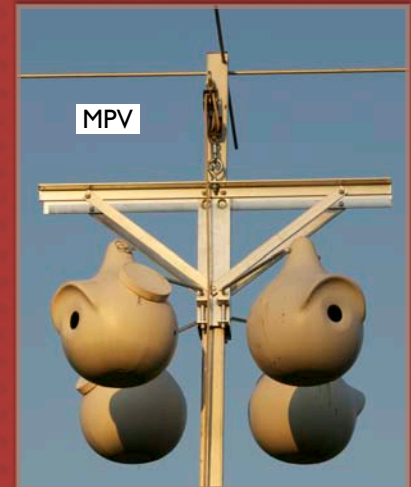

New for 2011

## Vent Hole Plugs!

The Birds' Paradise, home of the Troyer Horizontal and Vertical Gourds want you to know they listen to you! Venting gourds must be done and the Birds' Paradise will be offering a new product for 2011. Vent Hole Plugs!

Drill the vent canopy found on any Troyer gourd using a 1/4" drill bit and insert the Vent Plug. You can open or close the vent hole depending on the weather. Watch for this new product in our 2011 catalog and on-line.

DELIVERED!

IF YOU HAD TAKEN  
ADVANTAGE OF EVERY  
MONTHLY SPECIAL YOU  
WOULD HAVE SAVED:

JANUARY THRU OCTOBER

\$241.95!

News...

After being out of stock for several months I am pleased to announce that the new 2010 Multipurpose Pole is now available for sale (see photo above in the lower right hand corner). This MPP still uses the 2" square high tensile aluminum pole that stands 14 feet tall, but now the hub has been redesigned.

The hub itself is now made from aluminum tubing, just like the hubs that can be found on the AAA and Round Rack. Glide buttons have been installed for smooth raising and lowering. The hub raises and lowers using our 4 part rope and pulley system.

Your aluminum housing will attach directly to the angle arms, no more antiquated universal plates. The angle arms that support the houses, will accommodate a variety of aluminum

houses, that offer entrances on 2 sides, like that of the Trio Musselman.

You still have a choice of horizontal or vertical gourd arms.

The MPP ships complete with a 2 piece 14' pole, ground stake, and 2 top perch rods (though in most instances only one rod will be useable). The hub, angle arms, support brackets, gourd arm brackets, rope winder, top cap, hardware, and the rope with pulleys complete this system. Assembly is required. Housing and gourds not included.

MPV Vertical Multi-pole.....\$229.00

MPH Horizontal Multi-pole...\$229.00

Delivered!
